Work Experience:

Medical Illustrator 2021-2022

- Sole Medical-legal illustrator at The Evidence Store. In charge of project management, creating customized surgical storyboards, X-Ray/ MRI colorizations, films selections for exhibit layouts. Excelling at creating original artworks along with utilizing library assets, hiring subcontractors, proposaling, invoicing, and client relations while maintaining strict schedule adherence for numerous trial dates at various law firms.

Graphic Designer 2021-2022

- Designed customized pamphlets, flyers, advertising materials, logos, and stationary sets for 901 Parkinson's Fighter's Group to advertise this group's unique and empowering activities and mission to the Memphis public.

Assistant Medical Illustrator 2019-2021

- Journal illustrations for the Medical College of Georgia's Neuroscience and Regenerative Medicine Department on Immune Response in Injured Olfactory and Taste Systems
- Journal illustrations for the Dental College of Georgia on Induced Pluripotent Stem Cell and Periodontal Regeneration
- Lab manual illustrations for Augusta University's Neuroscience Department
- Lecture slide illustrations and diagrams on Cellular and Gross Decomposition for Augusta University's Pathology Department

Mural Artist 2017-2019

Designed, sketched, and painted logo designs at Gagliano Baseball Field in Memphis, TN for corporate and small business advertisements.
